JM TPO PRODUCT CATALOGUE

JM TPO MEMBRANES

SMOOTH BACK

Image	Code	Description	Size
	JMMEMG / JMMEMGL (Grey 1.52mm)		
	JMMEMG45 (Grey 1.14mm)	**JM TPO Membrane** Reinforced single ply TPO sheet membrane for low pitch roofing. *White TPO is an indent product. Please check with Allco for lead times.	White or Grey 1.14mm or 1.52mm 3.048 x 30m (92.9m2) and 3.657 x 30m (111.5m2) Available in cuts in one L/M length increments
	JMMEMW* (White 1.52mm)		

FLEECE BACK

Image	Code	Description	Size
	JMFLEECEG (Grey)	**JM TPO Fleece Backed** Polyester fleece backed single ply TPO membrane. Suitable for overlaying existing membrane roofs. *White TPO is an indent product. Please check with Allco for lead times.	White or Grey 3.048 x 30m (92.9m2)
	JMFLEECEW* (White)		

TRAFFICABLE MAT

Image	Code	Description	Size
	JMWALKGY	**JM TPO Walkway Mat** Textured, flexible TPO membrane intended for use as walkway material and protection around high-traffic areas.	760mm x 15.24m

JM TPO - WELDABLE ACCESSORIES

Image	Code	Description	Size
	JMDETG	**JM TPO Detail Membrane.** Unreinforced membrane suitable for patches and detailing around pipes and penetrations.	0.6 x 15.2m (9.1m²)
	JMAC9OG	**TPO Universal Corner.** Premoulded unreinforced weldable internal/ external corner patch.	229 x 229 x 76mm
	JMUCG	**TPO Fluted Universal Corner** Flexible unreinforced fluted weldable internal/ external corner patch.	152.4mm
	JMTJOINTG	**TM TPO Tee Joint Patches** Unrienforced TPO Tee patch, for detailing Tee joints and membrane lap transitions.	114.3mm diameter
	JMAVEXT	**TPO Roof Vent.** TPO weldable roof cavity vent.	75mm x 200mm
	JMBOOTG	**JM TPO Pipe Boot** Unreinforced weldable pipe boot for detailing pipe penetrations.	25-150mm

OUTLETS

Image	Code	Description	Size	
	JMSCUP200	**TPO Scupper** Weldable TPO scupper for membrane roof drainage.	200mm x 75mm	
	JMOF200	**TPO Overflow** Weldable TPO overflow for membrane roofs.	200mm x 75mm	
	JMRD65	**TPO Scupper** Weldable TPO scupper for membrane roof drainage.	100mm x 65mm	
	JMRD100	**TPO Scupper** Weldable TPO scupper for membrane roof drainage.	100mm x 100mm	
	JMABRD80	**TPO Roof Drain.** TPO weldable anti back flow roof drain.	250mm x 80mm dia	

CONT - OUTLETS

Image	Code	Description	Size
	ROOFDBE	**AquaKnight Clampring Outlet** Bottom exit uPVC outlet/ overflow with Stainless Steel domed leaf grate.	80mm - 100mm
	ROOFDB80	**AquaKnight Clampring Outlet - Small Flange** Bottom exit uPVC outlet/ overflow with Stainless Steel domed leaf grate.	80mm
	ROOFDSE1	**AquaKnight Side Exit Clampring Outlet - Small Flange** Side exit uPVC outlet/ overflow with Stainless Steel domed leaf grate.	80mm
	ROOFDSE	**AquaKnight Side Exit Clampring Outlet - Overflow** Side exit uPVC outlet/ overflow with Stainlees Steel domed leaf grate.	80mm
	ROOFDBE150	**Aquanight Clampring Outlet** Bottom exit uPVC outlet/ overflow with Stainless Steel domed leaf grate	150mm

PRIMERS / ADHESIVES / CLEANERS

Image	Code	Description	Size
	JMGGRTAC	**Roof-Tac Membrane Adhesive.** Natural rubber based sprayable contact adhesive suitable for bonding TPO membranes.	17kg canister Coverage = 90m2 double sided
	JMGGRTAERO	**Roof-Tac Membrane Adhesive.** Natural rubber based sprayable contact adhesive suitable for bonding TPO membranes.	575ml Aerosol Coverage = 5m2 double sided
	JMGGCC	**Citrus Cleaner Aerosol** Suitable for cleaning Roof-Tac adhesive overspray.	575mls
	GGBITU	**Bit-U-Prime.** Bitumous sprayable primer. For use with Torch on and Vapour barrier membranes.	17kg canister. Coverage = 260m2 single sided
	JMCLEAN5 JMCLEAN1	**JM TPO Membrane Cleaner** For cleaning TPO membranes prior to welding.	5 Ltr 1 Ltr

CONT - PRIMERS / ADHESIVES / CLEANERS

Image	Code	Description	Size
	JMUREAD	**JM Urethane Adhesive** two-component polyurethane adhesive For use with JM TPO Fleeceback & insulation panels.	1500mls
	JMGGTAC10	**Roof-Tac Membrane Adhesive** Natural rubber based roller or brush applied contact adhesive for TPO membranes.	10L Drums
	JMPRIME3	**JM Single Ply Membrane Primer – Low VOC**	11.356ltrs
	JMGGGUNEXT	**Premium Spray Gun with 500mm Extension Wand**	NA
	JMGGHOSE54	**5.4m Long Hose** High quality solvent resistant hose.	5.4 Metres

JM TPO - SEALANTS

| Image	Code	Description	Size
	JMPENEPOC	**TPO Penetration Pocket** Two-piece welded TPO pocket, used with JM Pourable sealant for penetrations.	190mm x 150mm Oval
	JMPOURSEAL	**JM Pourable TPO Sealant** JM Liquid TPO sealant. Used with TPO penetration pocket for penetrations.	473ml pouch
Product image may vary.	JMCAULK	**TPO Single Ply Caulk** For use on pipe penetrations details and membrane terminations. UV stable.	304.6 ml tube
Product image may vary	JMSEALMAS	**TPO Single Ply Sealing Mastic** Used where compression seals are required, ie: clamping outlets. Not for exposed terminations, Not UV stable.	325ml tube
	ALLPREPA10 ALLPREPB10 ALLPREPA4 ALLPREPB4	**Allprep Hydropoxy** 2 part substrate primer, suitable for use on plywood and concrete substrates	10 litre and 4 litre

SPECIALTY PRODUCTS

Image	Code	Description	Size
	JMMETALG	**JM TPO Coated Steel** Ideal for weldable flashing, drip edges and weldable terminations. (Indent Only)	1.22m x 3.05m (3.721m²)
	EJOBAR2G	**Ejot - Ejobar** Weldable mounting system suitable for solar panels, monkey toe and plant and equipment Indent item, check availability before ordering	EJOBAR TPO 2G 3000mm
	JMRHINO3	**JM TPO RhinoPlate** TPO coated metal plates used for induction (Rhino) welded TPO membrane installations	3" TPO Rhinobond Plate (box of 500)
	JMEPDMST76	**JM EPDM Seam Tape Plus** 3" pressure sensitive self adhesive membrane tape.	7.62 cm x 30.48 m
	JMRDINSULP	**JM Round Metal Ultafast Insulation Plates** premium Galvalume®-coated steel metal plates used for insulation.	76mm dia
	A. JMRDHIGH B. JMRDINSULP C. JM2HIGH D. JM4FAST E. JM5FAST	**JM TPO Fixing Plates and Screws** fasteners with a corrosion-resistant coating and a drill point. A. 2-3/8" Round High Load plate (box 1000) B .3" Round Metal Ultrafast Insulation Plate (box 1000) C. 2" Phillips Highload Fasteners (box of 1000) D. 4" Phillips All Purpose Fasteners (box of 1000) E. 5" Phillips Head All Purpose Fastener (box 500)	

VAPOUR BARRIER / PIR / COVERBOARD

Image	Code	Description	Size
	JMVAPSA	**JM Vapour Barrier Peel & Stick** Tri-laminate woven polyethylene, vapor barrier providing moisture protection and low air permeability.	1.1m x 40.8m
	COVERBOARD	**Roof Cover Board** Use as a protective cover over PIR	6.3mm x 1.2m x 2.4m Weight: 6.2kg per m2
	CPIR20	PIR Glass Fabric Faced Thermal Insulation Board - R .93 Embossed Foil Faced POA	20mm x 1.2m x 2.4m
	CPIR30	PIR Glass Fabric Faced Thermal Insulation Board - R 1.4 Embossed Foil Faced POA	30mm x 1.2m x 2.4m
	CPIR40	PIR Glass Fabric Faced Thermal Insulation Board - R 1.8 Embossed Foil Faced POA	40mm x 1.2m x 2.4m
	CPIR50	PIR Glass Fabric Faced Thermal Insulation Board - R 2.3 Embossed Foil Faced POA	50mm x 1.2m x 2.4m
	CPIR75	PIR Glass Fabric Faced Thermal Insulation Board - R 3.5 Embossed Foil Faced POA	75mm x 1.2m x 2.4m
	CPIR100	PIR Glass Fabric Faced Thermal Insulation Board - R 4.6 Embossed Foil Faced POA	100mm x 1.2m x 2.4m
	CPIR140	PIR Glass Fabric Faced Thermal Insulation Board - R 6.4 Embossed Foil Faced POA	140mm x 1.2m x 2.4m
	CPIR150	PIR Glass Fabric Faced Thermal Insulation Board - R 7.0 Embossed Foil Faced POA	150mm x 1.2m x 2.4m

Glass Fabric

PIR is an indent product. Please check availability of sizes and lead times prior to ordering
